LITHUANIA

No electronic RNB database

Information about early prints can be found in the Union Catalogue: https://ibiblioteka.lt/metis/

The Catalogue provides information from 80 libraries in the country. The owner of the catalogue is the National Library of Lithuania. Information is provided to the catalogue by several divisions and departments that work with the data.

Period covered: from 1547 to data

Last year the catalogue of the National Library of Lithuania was updated, the previous link: http://nbdb.libis.lt/ is not working.

Responsible institution: the Martynas Mažvydas National Library of Lithuania; contact person: Dovilė Ivanovienė, the Head of the Information Processes Unit at the Department of Information and Communication Sciences of the Martynas Mažvydas National Library of Lithuania: Dovile.Ivanoviene@lnb.lt

Information about Lithuanian publications issued before 1850 is contained in catalogues and bibliographies:

- *Knygos Lietuviu Kalba = Bibliografiia Litovskoi SSR*. Ser. A. Knigi na litovskom iazyke. Vilnius: Leidykla "Mintis." 1969-1988. 2 vol. Vol. 1: 1574-1861. Vol. II: 1862-1904

The Lithuanian Soviet Socialist Republic bibliography includes books published in Lithuanian language. Entries are arranged alphabetically. There is also a list of books that were published in languages other than Lithuanian but included Lithuanian texts and a list of manuscript materials. Bibliography contains extensive and detailed indexes.
