UNCOVERING THE COVERS

WORKSHOP ON BOOKBINDINGS, PROVENANCE AND WATERMARKS ON THE INTERNET

On May 27-28, 2019 CERL Bookbindings WG, in collaboration with Uppsala University Library, arranges a two-day workshop on publishing bookbindings, provenance evidence and watermarks online. The workshop takes place at Uppsala University Library and is aimed at librarians, conservators, researchers and others interested in book history online.

CONSORTIUM OF EUROPEAN RESEARCH LIBRARIES

UPPSALA UNIVERSITET

Libraries are increasingly expected to present their collections online

This workshop will present ways to publish material evidence from cultural heritage collections

Meet colleagues with an interest in book history and bookbindings

See next side for the full programme

VENUE

Uppsala University Library

Dag Hammarskjölds väg 1
751 20 Uppsala
Sweden

					All
	15	Conclusion	TLS	16.45 – 17.00	All
	16	Dinner	Restaurant	18.00	

The main tutors will be Stefan Andersson and Helena Backman, both librarians at Uppsala University Library (UUL) and Per Cullhed, strategic development manager at UUL. The online repository Alvin (www.alvin-portal.org) will be the main tool for the workshop. The second day, Professor Nicholas Pickwoad and Athanasios Velios, PhD, both at the Ligatus Research Centre at the University of the Arts, London, will make a joint presentation where professor Pickwoad identifies the way that a researcher would require material served at their desktop computers and Athanasios Velios will propose ways of structuring data to allow this to happen online with references to the LoB (Language of Bindings) thesaurus and Linked Data. The workshop language will be English.

Uppsala lies conveniently close to Stockholm Arlanda Airport. The hotel nearest to the library is Akademihotellet https://akademihotellet.se/en . Another option is http://citystayuppsala.se/

There are no fees for the workshop and participants need to register by sending a mail to per.cullhed@ub.uu.se If you have any questions, please send them to the same address. Participants will be provided with detailed information on how to reach the library by an email after registration.
